# MIP 2023

6<sup>th</sup> Marbella  
International  
Plastic Surgery  
Summer School

# 15-16-17 June 2023

Endorsed by

Dr. Kai O. Kaye / MD\_FEBOPRAS

*My team and I  
are welcoming you in June for*

MIP 2023

6<sup>th</sup> Marbella  
International  
Plastic Surgery  
Summer School

# We are pleased to announce the 6<sup>th</sup> International Plastic Surgery Summer School in Marbella

After now already 5 successful editions, we are looking very much forward to sharing knowledge with our colleagues from all over the world again. MIPSS has developed into an renown international event where Plastic Surgeons from all over the world share their honest experiences, discuss pearls and pitfalls of new techniques and contribute selected presentations within their field of expertise.

The 2023 edition will have many exiting new speakers, 2 days of live surgery sessions and for the first time newly designed Video sessions!

The two and a half-day event combines in-depth presentations in 7 different scientific panels, while aiming for a direct and on-going exchange between faculty and attendees.

The scientific program of 2023 will include lectures from selected, internationally recognized speakers covering a wide range of Aesthetic Plastic Surgery as well as a non-surgical treatments, practice management, optimization and marketing.

There will be a panel on advanced injectable / non-surgical treatments and for the third time we will have an hands-on workshop for advanced injectable training. Places for this workshop are limited to 15 participants and need to be registered separately. The scientific sessions will take place at the Hard Rock Hotel Marbella.

Situated in Puerto Banús, the pulsating lifestyle heart of the sun soaked “Costa del Sol”, 5 min from the famous yacht harbor, the congress venue sets a great background to explore the surroundings and for our social program.

Take a stroll through the picturesque old town of Marbella, try some typical “tapas” with Spanish wine, visit a Flamenco session, spend some time in the famous clubs of Puerto Bánus and open all your senses to the feel of Mediterranean summer in Andalucia...

The pristine Mediterranean Sea, the excellent weather at that time of the year and the vibrant nightlife that characterize Marbella allow us to create a fantastic social program where all participants can network and enjoy together with their international peers.
